

Dear Lord,

Help us to show compassion in our day to day lives and guide us to make the right choices so that we put other people's needs before our own. Help us to demonstrate lots of different ways to show compassion to our families, friends and teachers. Show us how to feel compassionate towards our community because we know that one day we will be in need of compassion from others. Thank you for the sacrifices you have made and times when you showed compassion to make other people's lives better.

Amen
