

History

In Year 3 we have used our knowledge of the Stone Age to create a display. We used our understanding of Skara Brae and its settlers to build our own representation including our very own cave art. Using our skills as Historians, we have been able to create a time line of the period and explain the changes to people lives for example where and what food they ate.

Year 5 have been able to bring their learning to life at Norton Priory. Now they can really compare the experiences of Victorian women, children and men!
