

Impact of PE School Sport Funding 2016/2017

St Mary's C of E Primary School

What is the Sports Premium?

The Government has allocated funding to improve the quality of provision of physical education and sport in primary schools for all of our pupils. The funding is ring fenced which means that it can only be spent on PE and sport provision in school.

We are held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at St Mary's.

At St Mary's School we use this funding to improve the outcomes for all our pupils. The whole school community has been involved in deciding how best to use this funding.

Planning Process

1. Self-review of current strengths and weaknesses were completed.
2. PE skill knowledge audits were completed by staff members to determine areas of development.
3. Pupil voice surveys were used to ascertain pupil views and opinions.

Sports Premium has been used for:	Impact upon outcomes for pupils
<p>Premier Sport - £6450</p> 	<p>The majority the expenditure was spent on the supply of a professional PE teacher (Mr R) from Premier Sport. The impact of having Mr R in school has been very apparent for both staff and pupils.</p> <ul style="list-style-type: none">• Teachers and support staff have both had the opportunity to work alongside Mr R team teaching in PE. They have also been allocated time with Mr R to enhance their professional development. Staff audits show that the confidence in delivering high quality PE has increased in many areas. This has ensured that children are receiving high quality teaching and learning in PE throughout the academic year.• Mr R has offered after school, breakfast and lunch time clubs throughout the academic year. Participation data shows that 89% of children have taken part in these

	<p>clubs.</p> <ul style="list-style-type: none"> Mr R has had designated time to work with various target groups of children in school. This time has included training school sports teams ready for competitions, promoting intra school competition, training play leaders in year 5, training wake and shake leaders in year 6, offering clubs to those children that cannot attend extra-curricular clubs and reward sessions.
<p>Game Changer - £500</p>	<p>The Game Changer package was purchased through Widnes Vikings. This package offered school assemblies, fitness testing, curriculum time and after school sessions and visits to the Widnes Vikings Stadium and a health awareness day. The aim of this program was to promote healthy, active lifestyles. Data collected shows improvements in all the key measurements that were taken. Children were very enthusiastic about everything offered with clubs at full capacity and all children taking part in fitness testing, assemblies and trips offered. Pupil and parent questionnaires show that children feel that they have a healthy and active lifestyle at St. Mary's.</p>
<p>Booster Swimming sessions</p>	<p>At St. Mary's every child in KS2 has received 6 weeks of swimming lessons taught by qualified instructors as part of the PE curriculum. The national expectation is for every child to be able to swim 25m by the end of KS2. The PE premium has been used to provide children who have not achieved this expectation with booster swimming lessons to support them in working towards this. Before these sessions 63% of year had achieved this expectation. Following the booster sessions 86% have now achieved this expectation.</p>
<p>Extra Cricket session Cricket - £250</p>	<p>Halton Cricket Forum provided 10 weeks of cricket coaching to our more able children in year 5 and 6. These children then competed in the Halton Schools Cricket tournament. The impact of this specialist coaching was very apparent with clear development in skills, game awareness and team work.</p>
<p>British Gymnastics Membership - £17</p>	<p>By purchasing a membership through British gymnastics this allowed us to offer gymnastics clubs to children in KS1 and KS2. Through this club children were taught a variety of skills and techniques which allowed them to progress through various levels of the British Gymnastics program. Both clubs for KS1 and KS2 were at full capacity. Following this club some children then went on to represent St. Mary's at the Halton Key Steps</p>

	Gymnastics competition.
Sports Equipment and a bike! £1000 £278 (pending)	New sports equipment was purchased to enhance the quality of teaching and learning during lesson time. This new equipment was also used to make up 'playtime boxes' for each class which can be taken outside to encourage active playtimes. These boxes are also used by our year 5 play leaders on the infant playground. A new bike was purchased for foundation stage to encourage the development of fundamental skills.
<u>Halton School Games Fee - £495</u>	In previous year the Halton School Games Calendar has been offered as a free service, however, this year they introduced a charge for this package. The fee allows school to compete in any inter school competitions offered on the calendar (some with progressions to the Merseyside School Games) and allows our PE co-ordinator access to PE network meetings. We took full advantage of as many competitions on offer through this calendar as we could with school entering teams in the following events: <ul style="list-style-type: none"> • Runcorn Primary Football League • Halton High 5 Netball League • New Age Kurling • Tag Rugby • Highland Games • Halton Key Steps Gymnastics • Swimming Gala • Quadkids Athletics • Kwik Cricket Tournament.

How we monitor the impact of this funding:

The school monitors both the physical development and engagement levels of pupils through:-

- Teacher observation, assessment of PE and quality assurance measures.
- Pupil attendance and maximum participation at school sports Clubs
- Parent and pupil voice.
- Participation and achievement in both inter and intra school sporting events
- Improved attitudes, well-being and raised self esteem
- Parent feedback to teachers.
- Celebration Assembly, Certificates and Star of the Week.
