

Look what we have been learning about in Year 2

In Maths we have been developing our understanding of number and have been practising counting in steps of 2's, 3's, 5's and 10's both forwards and backwards.

In science we have studied the life cycle of animals and have even got our own class caterpillars and have watch them change into butterflies.

In RE we have been thinking about how our current school value of 'Love' should underpin everything that we do. We made 'Get Well' cards as one example of showing love.
