

Art

Our children in Reception class have been busy, exploring and experimenting with different colours.

They have been mixing colours to make new ones.

Year 1 have been studying Henri Rousseau in Art. They took inspiration from him to recreate plants, flowers and trees in his style.

They used natural materials to create a collage background and included an animal for effect.

Year 4 have been developing techniques such as the broken colour technique, using a brush and paint and the cross hatching technique.

They have also explored how light, colour and texture can be used to reflect the weather in a scene.

They have studied and taken inspiration from Alfred Sisley.
