

## Year 2 Remote Learning

During Lockdown, Year 2 studied various artists and sculptors and we learned how 'one man's junk is another man's treasure'. We enjoyed using our imagination to create our own amazing sculptures from materials and objects that we were going to throw away. I'm sure that you will agree that the results were amazing.

# Year 2 Remote Learning

Year 2 children were asked to prepare a meal for themselves to link science and food technology. They have been learning about healthy eating in science and used the Eatwell Guide to help plan a balanced meal. The meals look fabulous and it was wonderful to see children using their peeling and chopping skills.

## Year 2 Remote Learning

We celebrated World Book Day by dressing up as our favourite characters and giving and solving clues so we could work out who each other were. We were asked to share our favourite books with our friends and wrote super book reviews.
