

Art

During the Spring term, Year 3 studied the work of Clarice Cliff. They created their own pots and decorated them in an art deco style.

Year 6 have produced these impressive Mayan masks, using Modroc. Children decided to design and create either a celebratory mask, a death mask or a war mask.

Our Year 1 children studied Jason Mecier and created this delicious bowl of fruit, based on his work. They are all made from clay and were hand painted. They look good enough to eat!

Many of our Key Stage 2 children contributed to this fabulous Halton Primary Arts Network exhibition which is displayed in the Shopping City. The chosen theme was 'A Step Back In Time'.
